MAKING THE DIFFERENCE

2025

MESSAGE FROM CHAIRMAN

Outstanding Networking Opportunities
in Africa and the Middle East

HEALTH LETTER FOR HEALTH CARE COMPANY has placed economic and social development at the forefront of its investment policy. It is rising to the challenge. Its business diplomacy and development assistance is a powerful driver of political and economic growth in Africa and the Middle East (AME) and not only.

Amyal Al Jazeera Holding helps partners to identify opportunities and find hidden business value through participatory diplomacy in the AME. For more than two decades **HEALTH LETTER FOR HEALTH CARE COMPANY**' executives have been consulting on special business lobbying and contracts worldwide.

HEALTH LETTER FOR HEALTH CARE COMPANY is a 'community of professionals' who sustains their competitive advantage by learning faster than the competition. It sees its permanent business diplomacy in the region as a source of long-lasting business making maximum use of the knowledge, thinking and leadership within its organization.

HEALTH LETTER FOR HEALTH CARE COMPANY is committed to expanding the circle of development, opening AME societies and building the infrastructure for a more competitive economy.

HEALTH LETTER FOR HEALTH CARE COMPANY embraces the future, as it takes on new and challenging relief and development programs in AME. It is committed to bringing investments and hope to the people who need it most. It works with a wide range of organizations (domestic and foreign government agencies, international organizations, international and local NGO's and international Corporations) in the implementation of targeted, cost-effective growth and development programmes.

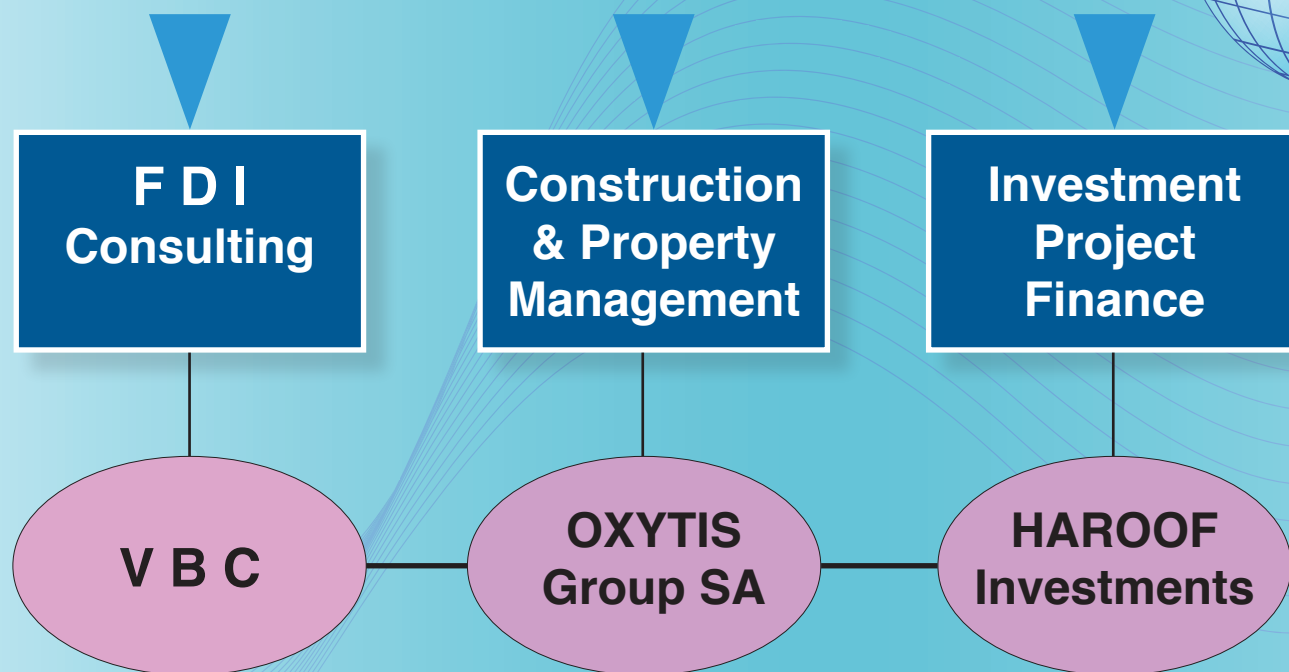

With the collaboration of our partners, we will carry out investments and technical assistance programs that support sustained economic and social progress in the entire region.
